

Just to say Thankyou Thank you for continuing the bus service up Halland Road after the new year when it has previously stopped after the new year. I have been very poorly since Christmas so have been unable to partake of the new service yet but it is very valued I can assure you without a doubt. There will be an increase in passengers in the near future I am sure as there are more apartments planned in this area in the future.

I can't thank you enough for the extended + cheerful service. We really do appreciate and value you.

Sincerely

Beryl.
